Procurements by corporations

1218. SHRI MOINUL HASSAN: Will the Minister of CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION be pleased to state:

(a) whether the decision to import wheat reflects Government's failure to procure enough wheat after the last harvest;

(b) whether Government are aware that the large corporations such as Cargile and Reliance have taken advantage by quickly occupying the space vacated by Government and there are serious implication for food prices and food security; and

To augment the stocks of wheat in the Central Pool and also to keep a check on open market prices of wheat, a decision was taken to import 5 lakh tonnes of wheat in February, 2006. Subsequently/in RMS 2006-07, it was estimated that only 95 lakh tonnes of wheat would be procured against the estimate of 162 lakh tonnes. Therefore, to augment the wheat stocks in the Central Pool, since the Government did not want to eompromise on

food security, a decision was taken in April, 2006 to import a further 30 lakh tonnes of wheat.

(b) and (c) As per the present procurement policy, the Government agencies carry out. Minimum Support Price (MSP) operations in wheat producing areas.
